Improve "Quality of Life" in the field -- Showers Where You Need Them, When You Want Them!!!

SPECIFICATIONS

Shower Shelter and Heater shown in transport configuration.

The simple to operate system burns fuel to heat water and uses DC power from a vehicle to run the shower pump and controls.

Military Users:

Our products are currently managed by the Defense Logistics Agency. DLA purchases our bath units in bulk to take advantage of quantity discounts and passes those savings along to individual units. DLA stocks our products at the Defense Department Supply Point, New Cumberland, PA and can usually ship within 24 hours. For more information contact the item manager Taras Bilynsky at:

TarasBilynsky@DLA.Mil
Comm: 215-737-4009
DSN: 444-4009

Government Users:

US Thermal, Inc. has been awarded a General Services Administration contract to supply our products to the Federal Government and some State Agencies.

Our products are available online through GSA Advantage at www.gsadvantage.gov. GSA purchases can also be handled direct from US Thermal by referencing GSA Contract #: GS-07F-0417K
